Laredo, TX

Laredo is the largest and most important inland port on the U.S.-Mexico Border and it was designated as the fastest growing city in the state and the second-fastest growing city in the nation as we entered the XXI century.

With a population of 265,761 (2020 U.S. Census), Laredo continues to be a community on the rise. With four bustling international bridges, three modern hospitals, a constantly-evolving university and an expanding system of infrastructure, Laredo and Webb County provide a safe and promising environment for families and entrepreneurs alike. Colorful history, great shopping, lively entertainment, good food, and fine accommodations abound in Laredo.

Location

Laredo's major asset is its geographical location. At the southernmost end of I-35 and connecting with Mexico's Highway 85 it makes it an ideal distribution and crossing point for major markets in Mexico, and to those in the northeast and midwestern United States. The city lies at latitude 27.32 N and longitude 99.28 W.

Nestled on the northern banks of the Rio Grande River, Laredo lies 145 miles Southwest of deep water of Corpus Christi; 154 miles South of San Antonio, Texas; and 150 miles North of one of Mexico's wealthiest and most industrialized centers — Monterrey, Mexico.

Government

The City of Laredo has a council/manager form of government with a mayor, elected at-large, and eight city council members, representative of geographical districts, serving four-terms. www.ci.laredo.tx.us.
